

RIA & SMITTY

Hello

Hachi signing adoption paperwork.

We are Ria, Smitty and Hachigatsu!!

First, we want to say thank you for taking the time to review our profile and get to know us a little bit more.

We want to emphasize that we care so much about you and your child. We know that you are on your journey that is challenging in itself. We acknowledge, respect, and appreciate your position and your decision.

We are very excited to start our family through adoption. Right now it's just the two of us (and our playful-feisty-gray tabby cat).

We met each other and got married at just the right time, and we are prepared and ready physically and emotionally to start our family through adoption. We can't wait to be parents!

Thank you so much for getting to know us better!

OUR STORY

Hi! We are Ria and Smitty.

Smitty and Ria met online nine years ago, it was meant to be from the start. We have fulfilled our journey living as SINKs (single income no kids) as well as DINKs (dual income no kids) lifestyles. We have had great travels, adventures, and have built a stable financial base for the past 7 years of our marriage and prior, and now ready for the next expedition and primary priority of our lives, which is having a family. We are hoping to adopt! The reason we chose adoption is primarily, we have in our hearts the desire to help others and this in turn, will fill our hearts desire to have a family. It is win win!

Secondary, we are enabled to provide a little soul a loving and safe environment to grow and flourish in. We are also eager to add to our existing extended family (combined on both sides - 13 nieces and nephews) in which, are all equally as enthused as us to share our beautiful home with the sounds of the pitter - patter of tiny feet and the environment of unconditional love.

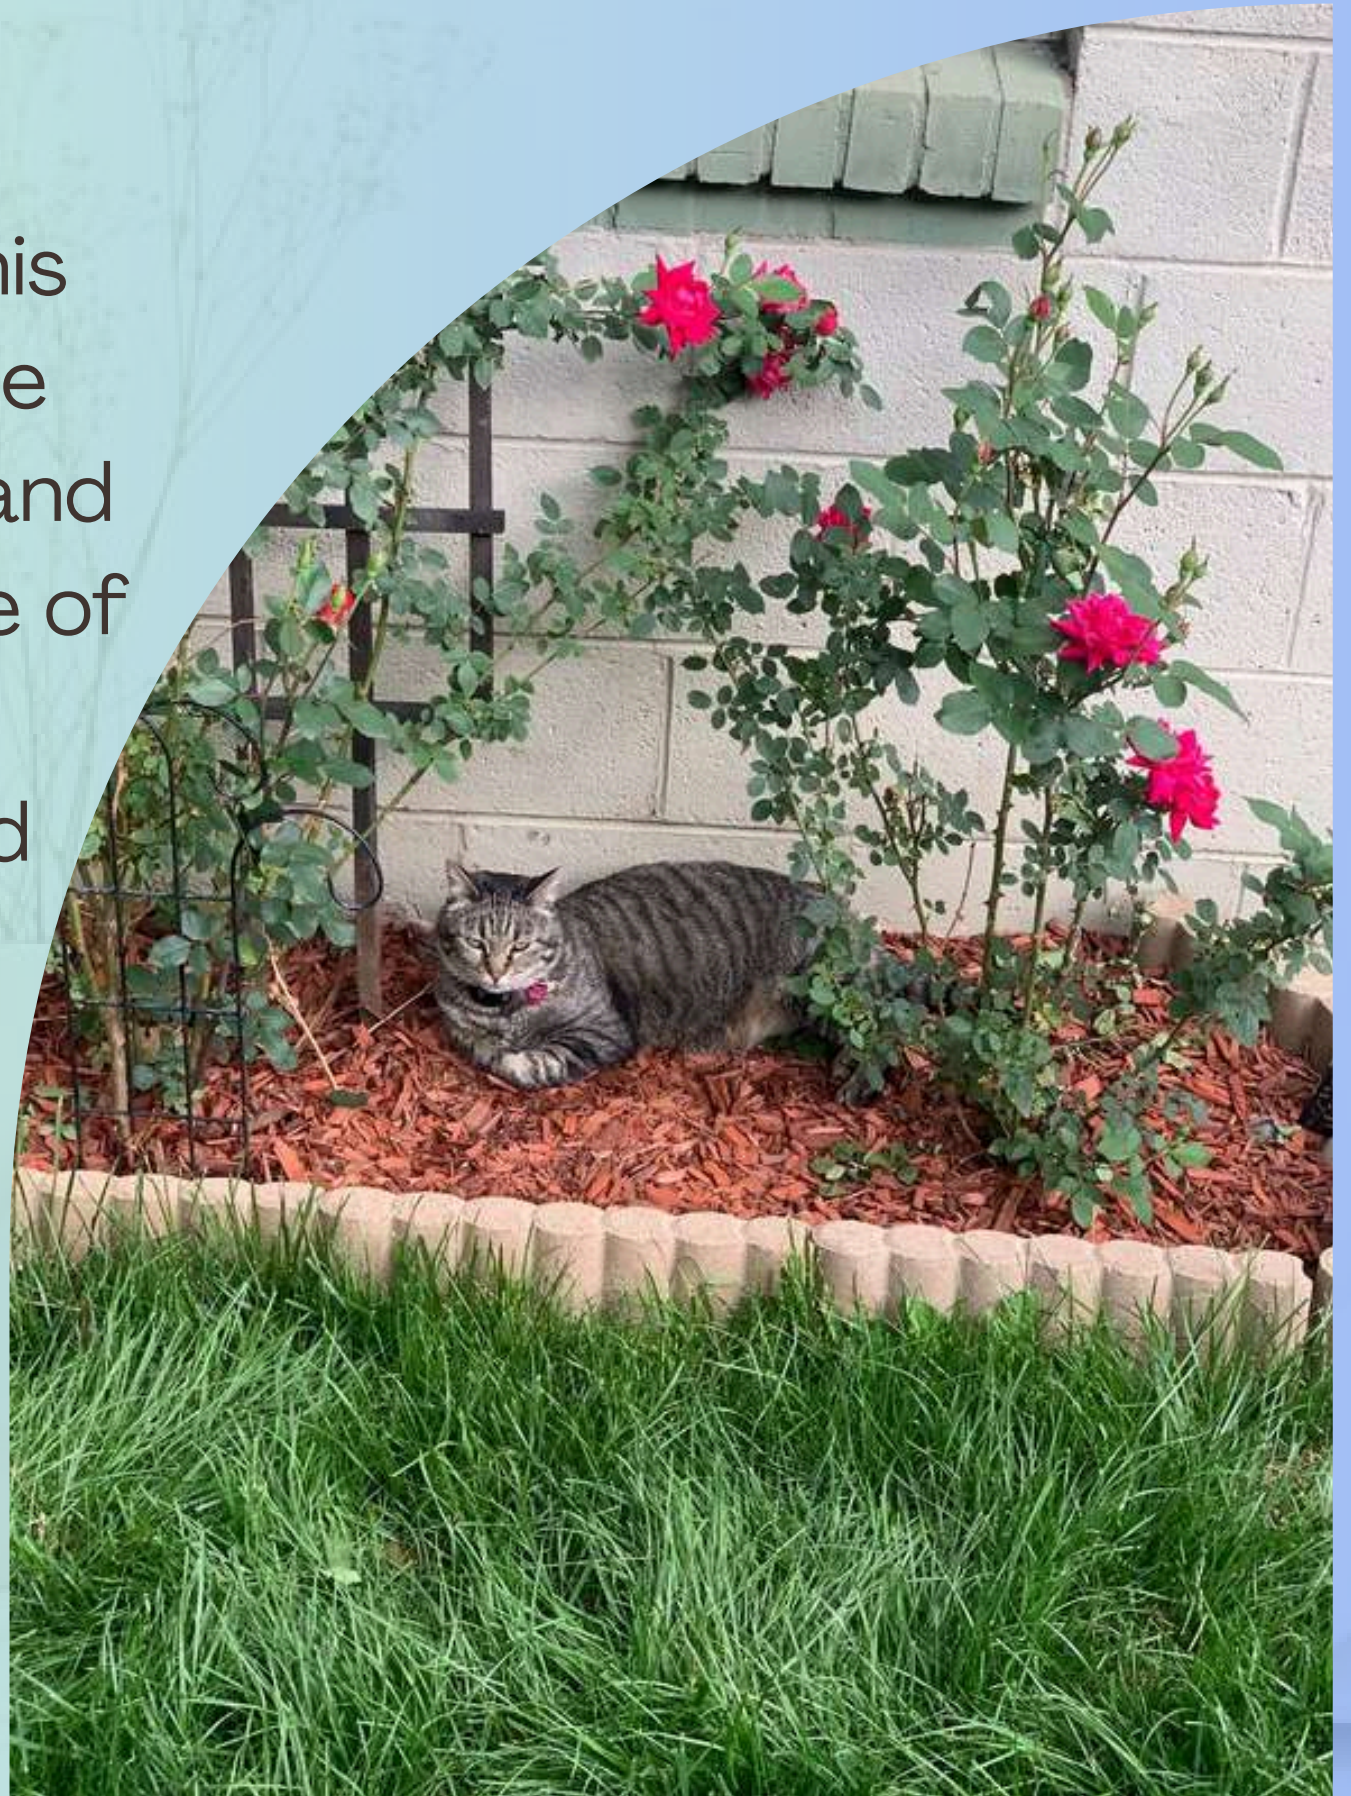

OUR HOME

DENVER, COLORADO

We reside in the very progressive neighborhood of Sunnyside/LoHi. This community is in the heart of the city and in walking distance of many family and cultural orientated attractions.

OUR INTERESTS

Ria finds a lot of joy in both baking with homemade Indonesian desserts and baked goods. She enjoys the outdoors from hiking, biking, puzzles, and board games. She would love nothing more than to share these hobbies with your child.

Smitty enjoys cooking, decorating, puzzles, and bingeing TV shows as indoor activities. Outside of the house, he likes to maintain the yard, plants, flowers, and tend to the garden. We enjoy the harvest each year which includes many vegetables, fruits, and herbs. Smitty also enjoys outdoor activities including camping, cycling, golfing, and going to the gym.

Ria and Smitty primarily would like nothing more than to be parents. We also love to dine out, go to the theater, movies, and concerts. We also indulge in traveling to beaches and different states and cities for vacation.
